REPORT FOR MSU CHILDREN'S CHRISTMAS PARTY 2021

The year 2021 has been long and challenging but rewarding too, and we are proud of our progress thus far. At MSU, we are growing bigger and better.

We are gradually making considerable strides in making our dreams of ensuring that young people (children) achieve their education, youths are supported with vocational skills, and older people are helped accordingly as our dream comes true.

From a team of over five vibrant, passionate, resilient, and skilled volunteers, MSU would like to appreciate the efforts and support of the community leaders, project beneficiaries, our donors, and everyone within our esteemed network that enabled us to build trust, confidence as well as put a beautiful smile on the faces of young vulnerable children and communities in Uganda during the COVID-19 pandemic.

We achieved these significant milestones through collaborative partnerships that enabled us to implement viable initiatives that benefited the communities and improved the livelihoods of vulnerable children, youths, and older people. That is how we responded with creativity and resolve to the most crucial test of our careers and how we will continue to serve through collaboration in the future as we continue to build trust, transparency, and accountability.

The MSU Christmas party report includes activities carried out on 24th December 2021. It also highlights the financial resources entrusted to the organization by different donors and how these were utilized over the reporting period. MSU continued to be guided by our core objectives creating a better future for the children, youths, and older people through;

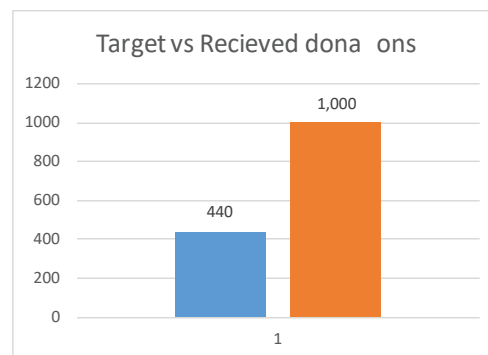

- Providing the best care for the vulnerable children and highlighting the future of the girl child.
- Providing welfare services to uplift girls, women, and children in society.
- Creating an entry point for the social and economic engagement of marginalized girls and women and their families in Uganda.
- Building homes for the orphans and babies which their parents have neglected.

On 24th December 2021, through our generous donors' support, MSU managed to put a lasting smile on the faces of vulnerable children by conducting a children's party. It was such a memorable day for the children in that they ate, drank, played, and shared gifts as a sign of love for our long Jesus Christ. They shared their dreams and challenges as children, and altogether, we came up with various ways to solve the emanating problems among vulnerable children, youths, and the elderly, respectively.

Note

We had planned for 70 children but due to limited funds, we ended up reducing the number of children which was so painful. However, we thank God for the funds we got and pray that next Christmass party will be massive that will accomodate all the vulneable children and elder

CHALLENGES

- Increased prices for most items due to the Christmas season. Some items that cost less during the period we purchased children's items doubled.
- Some shoes did not fit some children; some were oversized due to wrong predications for their shoe sizes.
- Financial constraints due to limited funds; some things were not purchased due to a shortage of funds.
- Late preparation of the children's party.

SUGGESTIONS.

- Early purchase of Christmas celebration items to avoid hiked prices during the festive season.
- The initial measurement of the children's shoe size is to avoid buying under or oversized shoes for the children.
- More funds are required to make thorough preparations.
- The administration's early preparation of the events to avoid extra charges due to hiked prices during the festive season.

CONCLUSION

In conclusion, the teams and beneficiaries, with great pleasure, thank the donors for the continuing support right from the years back and most especially the assistance rendered to us during this Covid-19 pandemic. Overall, the Christmas party was a success, and positive feedback was received as beneficiaries showed gratitude for the support received. As a team, we utilized the funds to improve the quality of their lives.
